Research Coordinator

Iisimatusarfik – University of Greenland

EDUCATION

2014: MBA in Business Administration (CBA), University of Aalborg, Denmark

2002: Diploma in Management, Aarhus Business College, Denmark

1988: M.Sc. in Geology, University of Aarhus, Denmark

EMPLOYMENT & FIELD EXPERIENCE

2018- Research Coordinator, Iisimatusarfik – University of Greenland

2005-2018: CEO, NUNAOIL A/S – The National Oil Company of Greenland

- *Responsible for G&G, Legal and Economic relations in petroleum exploration licenses on behalf of the Government of Greenland.*

2002-2005: Vice President, Greenland Resources A/S

- *Logistic service for mining companies and initiation of an alternative helicopter leasing company in cooperation with Canadian Helicopters.*

1998-2002: Chief geologist, Bureau of Minerals & Petroleum, Government of Greenland

- *Development of the administration of mineral resource sector and promotion of the geological potential of Greenland at PDAC in Toronto; Cordilleran Round-up, Vancouver, Canada and Diggers & Dealers, Melbourne, Australia.*

1994-1998: Deputy Head, Minerals Office, Government of Greenland

- *Initiation of Aeromag and airborne electromagnetic surveys in different and specific rock terrains in Greenland in cooperation with GEUS.*
- *Initiation and project manager of AATSITASSARSIORIT (The Prospector Courses Program in Greenland).*

1988-1994: Project geologist, NUNAOIL A/S (Copenhagen: 1988-92; Nuuk: 1992-94)

- *1991 - Secondment at Pasminco Exploration, Broken Hill, NSW, Australia.*
- *1988 - Initiation and project manager of UJARASSIORIT – Mineral Hunting Program in Greenland (the program is still running today)*

- *HMC sampling and mapping in connection with gold exploration in different terrains in South Greenland, which lead to the discovery of Nalunaq Gold Deposit, South Greenland*
- *Lead & Zinc exploration in Jameson Land, Pasmenco Expl. Plc., Central East Greenland*
- *Field campaign with Hecla Mining Co., Idaho at the alluvial REE deposit in Milne Land, Central East Greenland.*
- *Exploration drilling campaign at Sarfartoq REE deposit, West Greenland.*
- *Geophysical field work in connection with exploration for Ni-Cu-mineralizations at Lersletten, Disco Bay Region, West Greenland.*
- *Geophysical field work in connection with exploration for gold mineralizations in Archaean Isua Supracrustal Rocks, Nuukfjord, West Greenland.*

1988: Project geologist, Carl Nielsen A/S, Copenhagen.

- *Mapping of glacial sand and gravel deposits at Sisimiut Kommune, West Greenland.*

Pre-1988 Participation at geological expeditions with the Geological Survey of Greenland (GGU)

- *Geological mapping expedition from Upernavik Kujalleq to Kullorsuaq (Devil's Thumb), Northwest Greenland.*
- *Geological mapping of the volcanic rocks at Svartenhuk Peninsula, Northwest Greenland*
- *Soil sampling program at Qaqqarsuk Carbonatite Complex, West Greenland*
- *Mapping of uranium mineralizations in South Greenland*
- *Geological mapping at the Ivittuut and Kobbermine Bugten Region, South Greenland.*

PUBLICATIONS

- 1992: *Nuna Angallavigisarpit (H.C. Petersen & Hans Kristian Olsen)*
(*The first geological book about geology in Greenlandic*)
- 2001: *International Symposium on Mining in the Arctic, 6th, Nuuk, Greenland*
(*Book published in connection with the conference in Nuuk*)
- 2003: *Samlerminerale – Nuukfjords Komplekset – Nuup Kommune*
(*Sampling of specific mineral specimen in the Nuukfjord Complex*)
- 2004: *Samlerminerale – Ilimmaasaq Komplekset – Narsaq Kommune*
(*Sampling of specific mineral specimen at the Ilimmaasaq Complex*)
- 2004: *Kortlægning af fedtstensforekomster i Grønland*
(*Mapping of soapstone locations in Greenland*)
- 2004: *Regional forundersøgelse af potentielle naturstensforekomster i Nuup Kommune*
(*Regional preliminary investigation of potential dimensionstone locations at Nuuk Municipality*)
